## About us

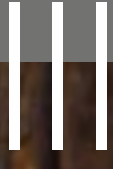

Signor is a rapidly expanding brand of decorative high-pressure laminates in India. It is well-positioned to establish a pan-India presence. Signor's state-of-the-art manufacturing facility in Mansa (Gujarat) has the best quality production standards and provides superior quality. The tight controls and monitoring systems assure an excellent decor product for life, which complies with B.I.S. Standards and is manufactured in compliance with ISO Standards.

Signor laminates are available in a wide range of basic colors, unique wood grains, rustic, stone, fabric, glitter and gloss finishes.

Our product portfolio has expanded to include an exclusive collection of Premium Texture Finishes. It's no wonder that our products have found their way into virtually every imaginable interior application and have become the preferred choice for both residential and commercial projects by the country's leading interior designers and architects.

The designs, textures and trends used were chosen after extensive research and collaboration with prominent interior designers with distinct style preferences. Signor laminate is a brand that will fulfil the need for grace and elegance in interior design and furniture applications. Supported by a skilled workforce, outstanding logistics and current trends. We're known for keeping to timelines, so you'll always get what you need, when you need it!

Signor laminates are available in 1.00 mm standard thickness.
